

RENEW DIPLOMATIC RELATIONS TODAY

United States Will Extend
Formal Recognition
to Carranza

DECIDE UPON FORM

Each of the Pan-American
Governments Will Address a
Note of Recognition

TERM HIM "CHIEF EXECUTIVE"

WASHINGTON, Oct. 18.—Diplomatic relations between the United States and Mexico formally will be renewed tomorrow after a lapse of two years and eight months by the formal recognition of Venustiano Carranza as the chief executive of the de facto government.

Show Change for Better

Secretary Lansing and the ambassadors from Brazil, Chile and Argentina and the ministers from Bolivia, Uruguay and Guatemala, constituting the Pan-American conference on Mexican affairs met today and decided upon the form in which their respective governments would present recognition and fixed tomorrow as the time for the act.

Each government will address to General Carranza a letter or note of recognition to be delivered to Eliseo Arredondo, personal representative of General Carranza here.

Since recognition was agreed upon a week ago, official reports show that a material change for the better has taken place in Mexico; that railroads and telegraph lines are being rapidly repaired and that conditions are fast becoming normal. Thousands of troops hitherto under General Villa have taken advantage of the offer of amnesty and laid down their arms and Secretary Lansing said the Pan-American diplomats feel that a fair start has been made toward restoration of peace and reconstruction.

Assurances have been given by Carranza that foreigners will be protected in their lives and property, that claims will be paid, that amnesty will be given to political enemies who swear allegiance to the new government and that there will be no prosecutions of the Catholic clergy. The American government is hopeful these promises will be fulfilled.

Have Discussion as to Titles

The decision to refer to General Carranza as "the chief executive of the de facto government of Mexico" was reached after some discussion as to the titles. Although "Provisional President," is a generic term applied to the executive of a republic, fear was expressed in some quarters that since it had not been used by General Carranza himself, its use by foreign governments might create the impression in Mexico that he was being chosen to a new office by foreign governments. The words "chief executive" were used also to avoid any impression that a constitutional government was being recognized, for, while there is no difference in the benefits of recognition to a de facto or de jure government the constitutional order in Mexico will not be proclaimed until a constituent assembly is called some weeks hence. This assembly will formally designate General Carranza as "provisional president" or "president ad interim," and arrange for the constitutional elections of president and vice-president.

Tomorrow's action will mean the immediate proclamation of an embargo on arms in accordance with the joint resolution adopted by congress in March, 1912. All consular representatives of the Carranza government will be recognized in their official capacity as soon as they present credentials and apply for exequaturs. American consuls in Mexico who have not possessed exequaturs will apply for them now and it is understood incidentally that the American consular service in Mexico generally will be re-organized.

To Notify European Governments

European governments will be notified by Secretary Lansing of the Washington government's action in extending recognition and although no suggestion will be made to them, it is understood most of them will follow the lead of the United States.

An American ambassador to Mexico has not yet been selected but it is believed one of the diplomatic representatives of the United States already in one of the Latin-American countries probably will be chosen. Extension of recognition to a government in Mexico follows nearly three years of unprecedented relations between the two countries.

When, in February, 1913, Francisco Madero the legally elected president was overthrown and General Huerta assumed the executive power, the United States, as well as Argentina, Brazil and Chile refused to recognize Huerta.

Unofficial relations were maintained by the Washington government for several months. First through Ambassador Henry Lane, and later through Nelson O'Shaughnessy, charge d'affaires. The charge

PRESIDENT WARD OF BROOKLYN FEDS DIES

WAS A DIRECTOR IN MANY BANKS
AND FINANCIAL INSTITUTIONS

Organized Baking Companies in Several Cities Which Bear His Name
—Was Strongly Opposed to Sunday Baseball.

New York, Oct. 18.—Art B. Ward, head of bread baking companies bearing his name in many cities and widely known as leading figure in the Federal baseball league as the president of the Brooklyn club, died tonight at his home in New Rochelle, after a brief illness at the age of 63 years.

Mr. Ward was born in New York City, the son of a baker and early in life followed that occupation going to Pittsburgh, where he set up in business, married and prospered. He became president of the common council of that city and at the time of his death was a director in many banks and financial institutions.

Later Mr. Ward came to New York and organized baking companies here and in Chicago, Boston, Buffalo and other cities.

Mr. Ward, a life long fan, became one of the chief financial supporters of the Federal league early in 1914. He was chosen vice-president of the league, then organized the Brooklyn club and with his brother, George F. Ward, built Washington park, the home grounds.

Mr. Ward also was credited with financing the Colonial league in New England. He was strongly opposed to Sunday baseball and never permitted the Brooklyn club to play on that day.

ALDERMANIC COMMITTEE OF HOLD PUBLIC STRIKE HEARINGS

Notifications Are Sent Out to Employers and Employees That Hearings Will Begin This Afternoon.

Chicago, Oct. 18.—Definite decision to get at the facts underlying the strike of garment workers, which now is in its fourth week, through public hearings, was made today by the aldermanic committee investigating the strike. Notifications were sent out during the day to employers and employees alike that the hearings would begin tomorrow at 2 p.m. in the council chamber.

Members of the council committee declared today that they were far from satisfied with the information they had been able to get from the manufacturers concerning the causes of the strike and that for this reason they had decided to find out just what the conditions were in the garment industry in Chicago.

Union officials reported additions to the ranks of the strikers today. Vest makers employed by the International Tailoring Co. were reported to have quit work and a number of employees were said to have walked out from the shops of H. M. Marks & Co.

Police responded to half a dozen riot calls during the day in which one man was struck by a brick and seriously hurt and several persons, including a young woman, were arrested.

AUGMENTED MILITARY GUARD PATROLS MANUFACTURING PLANT

One Man is Probably Fatally Shot,
One Woman Bayoneted and Other
Persons Clubbed in Strike Disturbance.

Nashua, N. H., Oct. 18.—An augmented military guard tonight patrolled the plant of the Nashua Manufacturing Co., where one man was probably fatally shot, one woman bayoneted and other persons were clubbed during a strike disturbance today. Two companies of national guard from Manchester arrived late today to help the two local companies which have been on duty within the mill gates since the strike for more pay and shorter hours began two weeks ago.

Adam Raxavitch, who was shot by a national guard officer according to a statement by the police, was in a critical condition tonight. Alexandra Belek, who was wounded in her right arm, by a bayonet and six other girls who are said to have been clubbed, were said to be in danger. The disturbance grew out of an attempt of a manufacturing company to run cars on a siding which the police assert, was blocked by women sitting on the track with babies in their arms.

CELEBRATES 100TH BIRTHDAY

Baltimore, Md., Oct. 18.—William Wallace Spence, for many years a leading financier of this city, is celebrating today the one hundredth anniversary of his birth. For years Mr. Spence has expressed the determination to live to be 100 years old, and the fact that he has done so is attributed largely to his iron will.

OPERATIONS ARE RESUMED

TORRINGTON, Conn., Oct. 18.—The Hendey machine plant resumed operations today on a compromise after being idle for six weeks because of a strike.

Finally was withdrawn in April, 1914, after an ultimatum had been sent to Huerta which resulted in the occupation of Vera Cruz by the United States navy. The American embassy was in charge of the Brazilian minister.

OUTLINES ALLEGED UNLAWFUL METHODS

Batts Opens Government's
Case in Trial of New
Haven Directors

ACCUSES ROCKEFELLER

Attorney Charges Millionaire
Instituted a Suit Which Forced
One Road into a Foreclosure

TO CONTINUE ADDRESS TODAY

NEW YORK, Oct. 18.—The alleged unlawful methods by which the New York, New Haven & Hartford Railroad Co. is charged with having secured a monopolistic grip on the transportation traffic of New England were set forth to the jury today by Robert L. Batts, government counsel in opening the case for the government at the trial of William Rockefeller, Lewis Cass Ledyard and Edward D. Robbins and eight other past and present directors of the railroad for alleged conspiracy to violate the Sherman law. Suits to force the foreclosure of competing railroads, secret acquisitions of stock, the incorporation of dummy companies for the sole purpose of concealing ownership of rail and steamship lines taken over, fictitious sales of securities in order to deceive the authorities of Massachusetts as to their actual ownership the use of money to obtain control of a Boston newspaper and to secure favorable legislation, the sacrifice of millions of dollars of stockholders' money in acquiring competing properties the burning of books and the transfer of records to Canada beyond the jurisdiction of the federal authorities, these were some of the acts alleged by the federal attorney as having been committed by the New Haven directors "with criminal intent and with full knowledge that they were unlawful."

Traces History of Acquisition.

Mr. Batts emphasized in his address that had the New Haven combination been attained in the natural and legitimate growth of business it might not necessarily have come within the scope of the Sherman law. But the law was designed not only to protect the public from the destruction of healthful competition but to protect the stockholders and the railroads themselves from becoming the victims of unfair methods. It was the method used by the New Haven in driving its competitors out of business, sacrificing the money of stockholders and bringing about a situation, "where every person doing business in New England, every enterprise, was at the mercy of a powerful combination" that the Sherman law was intended to punish. All these alleged offenses the attorney outlined in a general way and then, using a map showing the principal New England railroads that operated independently in 1899, traced one by one the history of their acquisition.

William Rockefeller he accused of having with other directors now dead instituted a suit which forced one of these roads, the New York & New England, into a foreclosure.

J. P. Morgan & Co., he said, was used as a means of concealing the ownership of stock of the Old Colony Steamboat Co. at a time that the New Haven attempt to acquire it was being investigated by the Massachusetts authorities. The Morgan firm gave a note for the stock that bore no interest, he said, and kept it in their possession long enough for the president of the Old Colony railroad, then a subsidiary of the New Haven, to say that the railroad did not own it.

At the door of Edward D. Robbins, the former general counsel for the New Haven, the federal attorney laid the alleged unlawful devising of schemes whereby the control of steamship companies could be secretly acquired. Robbins, he said, made use in a single day of three banks, various dummy corporations and individuals as the vehicle for the switching back and forth of \$1,500,000 used eventually in acquiring the Metropolitan Steamship Co.

One of the individuals, he said was Grover C. Richards, of Portland, Me., a 21 year old plumber, brought to New York to act as treasurer of another metropolitan steamship line used in the transaction and for which he received \$5 a day and expenses.

Calls Attention to "Danger."

In 1905 Charles F. Brooks, one of the defendants, called attention to the fact, said Mr. Batts, of the "danger" of resumption of Connecticut river traffic in competition with the New Haven beyond Hartford, and New Haven officials expressed their belief that they could prevent the passage of congressional resolutions "that would open the river."

William Rockefeller followed the trial today with apparently more watchful interest than any of the other defendants. While the government attorney was using the map, the aged millionaire occasionally rose to his feet to get a better view. Leaning on his cane he would stand

TELEGRAPHIC BRIEFS

GALESBURG, Ill., Oct. 18.—The coroner's jury investigating the death of Chief of Police Lynn Matthews, of Galesburg, late today placed the responsibility for the killing on "Lottie" Hopkins, a negro. The jury recommended that Hopkins be held to the grand jury without bail.

DANVILLE ATTORNEY IS INDICTED

ON CHARGES OF EXTORTION

Ray E. Barnett Furnishes Bonds Aggregating \$1,600—Holds Position Known as "White Slave Officer"

Danville, Ill., Oct. 18.—The indictment and arrest today of Ray E. Barnett, a prominent young attorney on a charge of extortion caused a sensation. He was indicted on eight counts and furnished bonds aggregating \$1,600. He holds a position known as "white slave officer," connected with the federal district attorney's office whose duties are to keep a record of the addresses and movements of women of the underworld and report white slave cases for prosecution.

He is charged with having collected money weekly from a large number of these women for protection against prosecution.

Following his release on bond, Attorney Barnett stated that he had collected some money from the women as a favor to a legal firm to whom they were indebted for representing them in court, and who were unable to pay the entire amount of the fees at once. He declared he was confident of being able to prove his innocence.

For several minutes watching every move of the attorney's pointer, Mr. Rockefeller also took occasion today to introduce himself to the federal attorney and engaged with him in seemingly amiable conversation.

Mr. Batts will continue his address tomorrow.

CARSON QUILTS BRITISH CABINET

Is Said to Disapprove of
Policy Being Followed
In the Balkans

PLAN SEVERE ATTACKS

Exciting Scenes Are Expected
in the House of Commons This Week

REDMOND PREDICTS CRISIS

LONDON, Oct. 18.—Sir Edward Carson, attorney general, has resigned from the British cabinet.

The resignation of Sir Edward Carson, the first open manifestation of the divergence of views known to exist among the ministers is the result, according to an authoritative statement, not of the controversy over conscription, but of the condition of affairs in the Near East.

Makes No Personal Explanation.

Sir Edward himself so far has made no personal explanation of his reasons for resigning, but it is understood he disapproves of the policy being followed in the Balkans and the method of conducting the whole national policy to a small "inner cabinet."

It is expected there will be exciting debates in the house of commons this week, as severe attacks on the government are planned by members of the house in connection with the general military policy, especially in the Near East.

Redmond Predicts Crisis.

Dublin, Oct. 18.—Presiding at the Nationalist convention yesterday John E. Redmond said that a grave political crisis might arise any day. The position of the coalition government he declared, was precarious. It was threatened by internal and external dangers. A conspiracy existed among men ready to sacrifice national unity in the face of the enemy to further their own predilections and theories.

It was common talk, said the Irish leader that a general election was possible but Ireland could boast that she was not responsible for these dangers.

Lead Move Against Home Rule.

Sir Edward Carson, prior to the outbreak of the war was the leader of the movement against home rule for Ireland which for a tie threatened civil war in Ulster. At that time he was the conservative member of parliament for Dublin University and gained great notoriety for his speeches attacking the government and the sympathizers of home rule bill to aid in setting up a provisional government in Ulster. He was the first to sign the Covenant of resistance to home rule and led the Ulsterites in the formation of the Ulster Volunteers.

When the present coalition government was formed last May, Sir Edward was given the port folio of attorney general.

Some of the English newspapers expressed the view that this appointment was a mistake in view of his previous antagonism to the government.

Did Not Attend Meeting.

The most notable cases with which Sir Edward has had to deal since his incumbency of the attorney generalship were the board of trades inquiry into the sinking of the Lusitania and the proceedings before the prize court for the condemnation of American meat cargoes which had been seized by the British government on the ground that they were destined for Germany. Recently there has been unofficial talk in London of Sir Edward being at odds with other members of the ministry over conscription, the Balkan situation and the Dardanelles expedition. The attorney general did not attend any of the cabinet meetings held recently.

FAVOR GENERAL STRIKE.

Meriden, Conn., Oct. 18.—A declaration favoring a general strike against the International silver company, at its factories in this state and elsewhere was adopted at a meeting of the three thousand employees now on strike, at the local factories and at Manning Bowman & Company today.

TRIAL IS POSTPONED.

Los Angeles, Cal., Oct. 18.—The trial of Matthew A. Schmidt, alleged accomplice of the McNamara brothers, charged with murder of Charles Haggerty, one of twenty men killed by the bomb which blew up the Los Angeles Times five years ago, was postponed today until next Monday, Oct. 25, on account of the sudden death of C. H. Fairbank, Schmidt's chief counsel.

ANNOUNCE ASSIGNMENT.

Buffalo, N. Y., Oct. 18.—The assignment of Paul Lambert and company, stock brokers of this city, with many offices throughout the country and Canada, was announced today. Herbert B. Butterfield, an attorney, was named as assignee. The liabilities are reported to range between \$400,000 and \$500,000.

SCHOONER IS WRECKED; EIGHT ARE DROWNED

ONLY TWO OF SHIP'S COMPANY OF
TEN ESCAPE

Seven Men and Two Women Fight
Way on Mal Pass Rocks, But Are
Dragged Back Into Sea by Pursuing
Combers—One is Flung
Ashore Alive.

Point Arena, Cal., Oct. 18.—One after another, seven men and two women who had fought their way on Mal Pass Rocks, after escaping today from the wrecked gasoline schooner Alliance No. 2, were dragged back into the sea by pursuing combers. Eight were swept to death. The ninth, Rafael Mediner, was flung ashore alive. H. R. Jones, of Vancouver, the mate, was the only member of the ship's company of ten that escaped.

When the schooner, which sailed from Vancouver, B. C., Oct. 9th, for Mazatlan, Sinaloa, piled up on Mal Pass Rocks, twelve miles north of here early today, she had on board Capt. Delouchrey, F. E. Harrington, chief engineer; J. S. Walsh, second engineer; H. R. Jones, mate; A. Allan, cook; Baillie, purser; Miguel Abila, owner; Mrs. Abila, Miss Miller and Rafael Mediner, Abila's servant.

The two women and all the men except Jones, who remained on the vessel, aided one another over the side as the schooner was being smashed to pieces but could not mount high enough on the rocks to escape the deadly clutch of the sea.

Jones watched his companions as they were swept away and waited his turn. Soon afterward the pounding hulk broke in two, flinging the mate into the maelstrom of the surf. The ship's dory, washed overboard, came within his reach and he climbed into it. There he was found exhausted hours later. Mediner was tossed upon the beach unconscious. When he revived he crawled up to a cliff road and was picked up by a farmer's wagon. The farmer telephoned to the Point Arena life saving station but it was then four hours after the schooner struck and too late to aid any of the victims except Jones.

Abila, the owner of the vessel, was said to be a close friend of Carranza and was taking the schooner to Mexico for use in Carranza's service.

SHERIFF WHITE ASSERTS HE HAS NOT BROUGHT DISGRACE ON STATE

In Telegram to Gov. Dunne, Sheriff
Staes DeBerry Was Executed with
Solemnity and Decency.

Murphysboro, Ill., Oct. 18.—Sheriff White of this county, this afternoon replied to the message of Governor Dunne regarding the execution of Joe DeBerry as follows:

"In reply to your wire, will say execution which took place here Saturday was conducted with solemnity, decency and with as much privacy as any other legal execution which ever took place in Southern Illinois. Press reports greatly exaggerated. I am in no way responsible for their misrepresentations. I have not brought disgrace or scandal on the state or my county and regret certain things were reported by the press as being true, which in fact never occurred. Execution is to take place here Friday, unless prevented by your action. It will be conducted in accordance with law and sentence of the court."

Elston Scott, who is under sentence to be hanged next Friday, has written to Governor Dunne asking clemency.

In support of the sheriff's statement that the execution last Saturday was conducted with solemnity, it was said today that when the sheriff and his party entered the stockade where the hanging took place, the entire assembly bared their heads.

FOOT AND MOUTH DISEASE SPREADS TO FULTON COUNTY

SPRINGFIELD, Ill., Oct. 18.—Foot and mouth disease has spread to Fulton county. An outbreak in Fulton, near the McDonough county line was reported Saturday by the field agents of the federal bureau of animal industry.

"Territory for a radius of five miles around the farm where the outbreak occurred has been placed in close quarantine," said Dr. Orrin Lyson, state veterinarian, today. "This action was taken by the federal government."

McDonough county has been the chief plague center during this last epidemic in Illinois.

NOTED FREE-THINKER DIES.

London, Oct. 18.—George William Foote, well known as a free-thinker, is dead. He participated in the blasphemy trial in which the late Lord Chief Justice Coleridge decided it was not illegal to attack the principles of religion, provided the language used was not improper.

COMPANY DECLINES DEMANDS.

New Haven, Conn., Oct. 18.—About 1,500 employees of the New Haven Clock Co., left their work today, the company having declined to grant demands made on it, which included those for a shorter day and more wages.

ALLIED FORCES TAKE STRUMITZA

Landing at Enos Causes
a More Optimistic Feeling
in Allied Countries

HOPE TO BALK PLAN

Attempt is Being Made to Compel
the Bulgarians to
Divide Their Armies

ITALY WILL NOT SEND ARMY

LONDON, Oct. 18.—The reports that the allies have occupied Strumitza and landed at Enos, which was recently transferred from Turkish to Bulgarian rule, has caused a more optimistic feeling throughout the allied countries.

Greater Resistance Than Expected.

As to the progress of the Near Eastern campaign, it is known from both Serbian and German accounts that Field Marshal Von Mackensen's army is meeting with greater resistance than was expected and, although it is probable the Serbians eventually must fall back on stronger strategic positions in the north, the fact that the allies are bringing heavy forces against the Bulgarians and so placing them that the Bulgarians will be compelled to divide their armies, gives hope here that the Germans may be balked in their latest attempt to reach the sea and bring assistance to the Turks.

All along the line the Serbians and their Montenegrin neighbors who also are being attacked, are offering stubborn resistance to both Austro-Germans and Bulgarians and while they have given up a number of towns and positions, they have not yet reached the line on which they expect to make their stand. The Bulgarians, so far as can be learned, have made progress only in the Zlotopolsky valley, near the river Morava, north of the town of Branya where they blew up a bridge. There is no confirmation, however, of the report that they cut the railway in this district, the bridge which they destroyed being a small wooden one near the railway. The Bulgarian force which penetrated the valley is not a large one.

Civilians Leave Dedegatch.

On the other hand, it is pointed out the capture of Strumitza is of real strategic value, as its occupation permits the defense of the southern end of the railway and compels the Bulgarians to keep a force there. Enos, too, is of value as, although not a good landing place, its occupation threatens Dedegatch, which has a great harbor and is fortified and mined. The civilian population already has left Dedegatch, which is entirely in the hands of the military, under German officers.

The Italians, according to the latest reports, will not send a contingent to the Balkans, but co-operation of their navy in the Aegean, where an allied fleet has already gathered, is looked for.

The point at which the Russians will strike has not yet been disclosed. The expectation is, however, that the allies have a surprise for the central powers and that steps are being taken to bring Turkey to her knees before assistance can reach her.

There has been plenty of heavy firing on both the eastern and western fronts, but in neither case either side attempted a general offensive. The operations still are making a great effort between Riga and Dvinsk and have met with some minor successes but thence to the Roumanian border, wherever there has been any fighting, it is the Russians who are attacking and they, too, claim some gains.

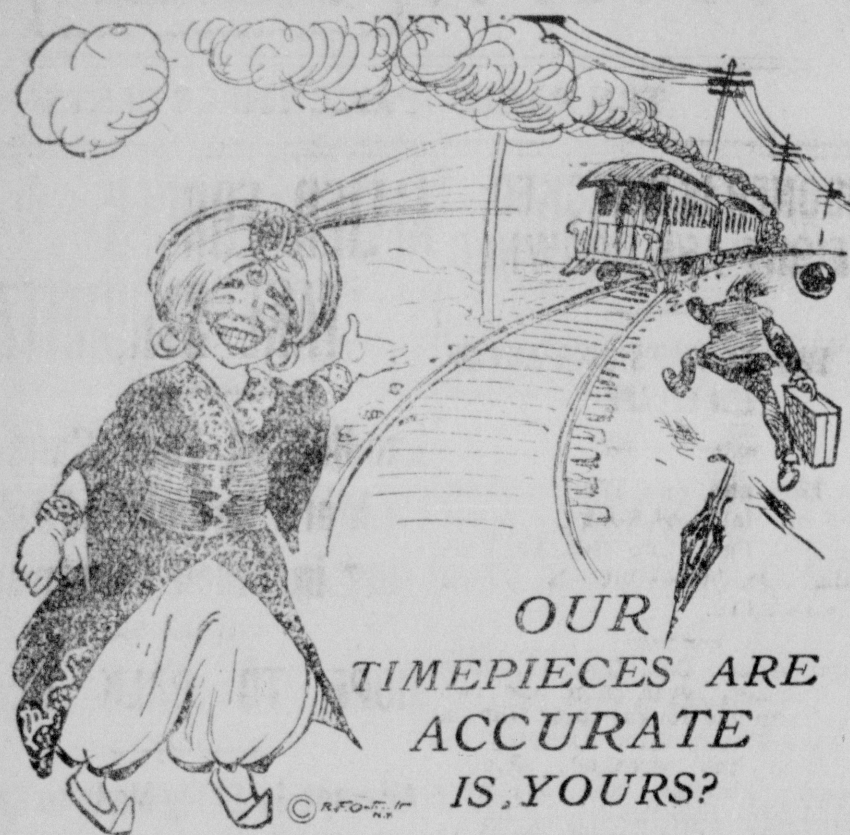

Much the same condition prevail on the western front. The British have been attacking east of Ypres, according to the Berlin report, while the Germans attacked the French near Sochez and the French took the offensive in Champagne, Lorraine and the Vosges. None of these attempts is making any marked alternations in the positions of the armies.

Massachusetts is not the only State, by any means, where the return of the wandering Progressives to the true fold is marked. The Republicans of the 24th District of Pennsylvania have nominated for Congress Henry W. Temple, who was elected to the House in 1912 as a Progressive and who made a highly creditable record. Dr. Temple was defeated in 1914 by the Republican candidate, the late Wm. M. Brown, but because of his splendid record has been nominated in the Republican primaries to succeed Mr. Brown. In nominating Dr. Temple the Republicans have shown an absence of bitterness and an appreciation of worth, which promises well for the future of their party in the Keystone State.

The reported action of the sheriff of Jackson county by which he permitted 2000 or more people to witness the hanging of DeBerry at Murphysboro deserves the severe condemnation it is receiving. Gov. Dunne was so exasperated by the report that the execution was made a sort of festival affair that he immediately asked for particulars as to the plan for hanging Edison Scott in Jackson county next Tuesday at the same time calling attention to the law which requires that executions shall be at least of a semi-private nature. Many people do not believe at all in capital punishment and certainly the feeling is almost unanimous that a public execution is a detriment to morals and tends only to the development of brutal instincts.

Time for Chicago Politicians

To Remember the Larger Interests.

There is danger in Illinois that in the heat of factional strife that some larger possibilities may get into the background. The chances of Senator Sherman's securing the presidential nomination are growing constantly better, but these chances will be much lessened if a delegation is instructed by Sherman but torn and prejudiced by factional feeling in other matters. The strife inaugurated some time since by two Cook county factions, the one to name Mayor Thompson as national committeeman and the other to name Roy O. West as his own successor as a member of the national committee, is not going to do the party any good and will be detrimental to Senator Sherman if the strife grows in bitterness.

One reason that the Sherman chances now are good is the fact that this year no candidate looms up so largely that his nomination is practically conceded. Another which gives Mr. Sherman some strength is because the eastern states recognize that Illinois must be lined up this year if the party has much hope for success. The state was torn asunder in the last presidential campaign by the Progressive movement and the eastern men know that some candidate must be chosen this year who will have the undivided old-time Republican strength in the next campaign. Such a candidate would draw largely the support of adjacent states, and going into the convention with such strength, would appeal very largely to the eastern people.

It would be a great day for Illinois Republicans if an Illinois candidate could be nominated for the presidency, and as the chances for such a nomination grow better it only seems reasonable to expect that the warring politicians in Cook county can be made to see that they should in some way arrange to come to an agreement and end their differences. This should be done so that they will not interfere with the program of having Senator Sherman reach the convention with a delegation undivided in its loyalty and in position to give him the best service possible and to take advantage of every opportunity for his advancement.

SPECIAL MEETING AT MT. EMORY

Evangelistic meetings of two weeks' duration will begin Monday night at Mt. Emory Baptist church. The pastor, Dr. E. L. Scruggs has secured Rev. W. H. Young to assist in the meetings. Rev. Mr. Young is pastor of the Washington Avenue Baptist church of Springfield, Mo., and is one of the ablest young ministers of the west. Interest will center also in the singing of Mrs. Young, wife of Pastor Young. She is a splendid gospel singer and greatly increases the effectiveness of the meetings by her efforts.

A cordial welcome is extended to the public.

ANDRAS LOTS SOLD WELL AT AUCTION MONDAY

John H. Zell Purchased the Entire Frontage on South Main Street—Total of Sales \$14,292.50.

The sale of lots in the Andras subdivision, which was plated by Walton & Taylor Bros., was held Monday afternoon. There was a large attendance at the sale, which was very satisfactory in results, the total amounting to \$14,292.50. There were 31 lots in all, and the range of price was from \$925 to \$67.50. John H. Zell purchased the nine lots on South Main street at \$925 each. The auctioneers were Col. Madden of Kentucky, Capt. John E. Wright and Jed Cox, and W. G. Goebel acted as clerk.

The first lot sold was No. 32, that at the corner of Franklin street and South Main street. The price was raised from \$200 to \$925, the bid of John H. Zell. He was given the privilege of purchasing as many more lots as he wished at that figure and decided to take all of the South Main street frontage. These clear through to Mauvaisterre street lots 40 x 180 feet each, extend and the amount of Mr. Zell's purchase was \$8,325. After the sale to Mr. Zell the auctioneers' wagon followed by the crowd, moved over to South East street, where the first lots sold were those next to the brook on South East street. Lots 1 and 2 were purchased at \$125 each by T. H. Buckthorpe, who it is understood was buying them for William Nunes.

Lots 3 and 4 were purchased at \$220 each by William Nunes. Lot 5 was purchased by J. W. Warren at \$285, and he also bought lots 6 and 7 at \$475 each. These lots fronting East street were 40 x 180 feet.

Lot No. 8, 40 x 120 went to C. J. Large at \$420.

Then Thomas H. Buckthorpe bought lots 9 and 10 for a total of \$1,250. These lots together have a frontage of 80 feet on East street and 120 feet on Franklin street. Mr. Buckthorpe is said to have made this purchase for his brother, Dr. R. R. Buckthorpe, who will erect several cottages.

Lots 11 and 12, 30 x 120 feet, John Weeks, Arenzville, \$300 each.

Lots 13, 14 and 15, Edward Graubner and John Dwyer, \$275 each. These lots are 120 feet deep and have a frontage of 130 feet on Franklin street.

Lot 16, 50 x 120 feet, Elmer Bradley, \$300.

Lot 17, 50 x 180 feet, C. D. Sargent, \$205.

Lot 18, Oliver Hamm, \$165 and lot 19 at \$125 to the same purchaser. Both lots 40 x 180.

Lots 20, 21 and 22, forming a tract 180 x 132 1-2 feet, were sold to S. H. Williamson at \$67.50 each. The property which was sold at the lowest price fronts on Mauvaisterre street and is located near the brook. Altogether the sale was very satisfactory to the promoters and the prices secured and the promptness with which the lots were sold indicates that Jacksonville real estate is in active demand. The terms of sale offered were liberal, one third of the purchase money down, the balance to be paid in two installments.

Before the sale began a drawing for \$2.50 gold pieces was held and the fortunate ones were F. J. Dege, Len Magill, Lance Waterfield and Alvin Thomason. The Jeffries band gave a concert in Central Park shortly after noon to advertise the sale.

MRS. WALTER SAVAGE DIES AT HOME NEAR ASHLAND

Passes Away After an Illness of Typhoid Fever—Funeral Will Be Held This Morning.

Relatives and friends in the city have received word of the death of Mrs. Walter Savage, who died Sunday morning at 8:15 o'clock, at the family residence, northwest of Ashland from typhoid fever. It is thought Mrs. Savage contracted the disease from drinking water at the Old Salem chalet.

Her maiden name was Mabel Sinclair, a daughter of Watson Sinclair, a prominent farmer of Cass county. She was about 35 years of age and was born near the place where she died. She was a member of Centenary M. E. church, near Ashland, and was prominently identified with the church and Sunday school. She was a woman of lovely character and her untimely death will be keenly felt by her many friends.

She married Walter Savage, who survives her, and son, Sinclair, aged 7 years. She also leaves three brothers, Eugene Sinclair, of Salt Lake City, Joseph, of Peoria and Samuel of Carrollton, Mo., and two sisters, Clara and Flora at home. Walter Savage is a brother of Mrs. Jed Cox.

The funeral will be conducted this morning at 10 o'clock from the Centenary church, near her home, and burial will be made in Virginia. Mr. and Mrs. Thomas Heaton, of this city, will attend the funeral. Walter Savage is a nephew of Mr. Heaton. The deceased was related to Mrs. E. E. Crafter and to the family of Edward Beggs, of Ashland.

Don't fail to see the SLEYMAN Collection of Oriental Rugs at the ANDRE & ANDRE Store this week.

PASSENGER TRAIN IS WRECKED SUPPOSEDLY BY MEXICAN BANDITS

BROWNSVILLE, Tex., Oct. 18.—A southbound passenger train on the St. Louis, Brownsville & Mexico railroad was wrecked six and a half miles from Brownsville tonight, supposedly by Mexican bandits and the engineer, several passengers and three United States soldiers were reported killed by the bandits and in the wreck. A negro reached his home four miles from Brownsville and gave the first report of the wreck and killings.

Four companies of United States infantry were rushed to the scene by special train, followed by two troops of cavalry.

The bandits are reported to have been passengers and on arriving at Olmito began shooting at other passengers. They then set fire to the train which was still burning at 2 o'clock.

FILE CHARGE AGAINST WOLGAST.

Milwaukee, Wis., Oct. 18.—The Kania athletic club of LaCrosse, Wis., today filed charges with the state athletic commission against Ad Wolgast for failing to appear last Friday night with young Wallace of Milwaukee.

Wolgast claimed he missed a train leaving Cadillac, Mich., that would have made connections at Chicago with a train for LaCrosse.

MEXICANS FIRE ACROSS BORDER.

Brownsville, Tex., Oct. 18.—The first firing across the Rio Grande in more than three weeks occurred at four o'clock Sunday morning near the Mercedes pumping plant, 35 miles above here, when Mexicans fired from 35 to 40 shots. The American soldiers returned the fire but no one was hurt.

VOTE TO REJECT COMPROMISE.

Schenectady, N. Y., Oct. 18.—Representatives of the 13,000 employees of the General Electric company now now on strike tonight voted unanimously to reject the compromise offer made by George E. Emmons, general manager of the plant. The compromise would have called for a 5 per cent. increase in wages with a nine and a half hour day and another 5 per cent. increase in one year and nine hour day.

FILES FINANCIAL REPORT.

St. Louis, Mo., Oct. 18.—The assets of the supreme lodge, Knights of Honor, a fraternal organization are approximately \$300,000 less than its liabilities, according to a report on the financial condition of the order filed in the federal district court here today by Charles A. Houts, receiver for the order.

RELIGIONS OF THE ORIENT.

The Christian Endeavor society of Central Christian church listened to an address of interest Sunday evening on the religions of the Orient by B. Sleyman, whose home is in Syria at the foot of Mt. Hermon, and who visits Jacksonville in the interest of oriental rug manufacturers. Missionary efforts in Turkish dominions, though often well nigh fruitless in point of converts gained, does much good in promoting education and enlightening the people, the speaker said.

LARGE AUDIENCES HEAR TALKS SUNDAY ON SOCIAL REFORM

Clifford G. Roe of Chicago, Speaking at Central Christian Church, Gives Causes and Remedies for Vice Conditions.

"An Old Evil and a New Conscience" was the theme of a powerful address at Central Christian church Sunday night, when Clifford G. Roe of Chicago, who refers to himself as "lawyer who has stumbled into reform work," in sentences direct and to the point but without sensationalism told of the causes of social vice and mentioned the factors which aid in the fight against double standards of morals and commercialized vice traffic. The Sunday closing of saloons in Chicago, Mr. Roe referred to as a straw which shows with the great force of reform is tending. Mr. Roe illustrated his theme with instances of conviction during his term as assistant state's attorney for Cook county and since as a prosecutor in Chicago courts. Social vice is a problem not of the big city alone, but of the smaller town as well, said Mr. Roe in setting forth the methods of procurers and other henchmen of "The System."

Sunday afternoon Mr. Roe spoke to an audience of men on "The Price of Vice." The audience was an attentive one and many points of interest were brought out in three quarters of an hour of questioning. Mr. Roe was introduced by Mayor H. J. Rodgers. The speaker showed that segregation has proved a failure, and that regulation and medical inspection has proved a farce and a practical impossibility. He spoke of the effective work of the Mann act and the "red light injunction law" in ameliorating vice conditions.

SOCIAL EVENTS

Her 75th Birthday.

Mrs. Baxter Observes

Mrs. James Baxter fittingly observed her seventy-fifth birthday anniversary Sunday at the home of her daughter, Mrs. O. F. Coultas, southeast of the city. A bountiful dinner was served and was enjoyed by all the daughters of Mrs. Baxter except Mrs. J. L. Williams of Kansas City, who was unable to be present. A feature of the occasion was the reading of a poem of her own composition by Mrs. E. A. Deaton, a daughter of Mrs. Baxter.

Mr. Ater Celebrates

Thirty-seventh Birthday.

About forty relatives and friends gathered at the home of Mr. and Mrs. Edward Ater, west of Listerberry in honor of Mr. Ater's thirty-seventh birthday. VISITS EATON AFTER FORTY-EIGHT YEARS.

Rev. F. M. Rule at Place Where He Was Married.

The Eaton Eaton Register of Eaton, Ohio, in speaking of a visit there recently of Rev. F. M. Rule of this city, says:

"We enjoyed a pleasant call this Wednesday morning from Rev. F. M. Rule, of St. Paul, Minn. who is enroute to Cincinnati to attend a meeting of the executive committee of the Board of Sunday Schools of the Methodist Episcopal church, as the representative of the 12th general conference district, which includes the conferences of Wisconsin, Minnesota and the Dakotas. Rev. Rule was married in Eaton in 1867 to Miss Mary Smith, the only sister of Captain Alexander Smith, now of Jacksonville, Ill., with whom Rev. and Mrs. Rule are temporarily making their home since the death of Mrs. Smith about a year ago, and through him Capt. Smith sends his greeting to old Eaton friends. Rev. Rule, when married was principal of an academy in Indiana and later entered the ministry in the Northwest Indiana conference. In 1883 he was transferred to the Minnesota conference, where he has since labored, serving twelve years as superintendent of the St. Paul district, and for the past five years has been pastor of Holman M. E. church at St. Paul and is now on a year's leave of absence."

PRESIDENT WILL SPEAK ON NATIONAL DEFENSE

WILL ADDRESS MANHATTAN CLUB NOV. 4.

Wilson Will Give Reasons Which Have Impelled Him to Approve Plans to About Double the Navy and Undruple the Trained Fighting Forces Ashore Within a Few Years.

WASHINGTON, Oct. 18.—A national defense program which probably means an expenditure of upwards of a billion dollars in the next six years will be laid before the people by President Wilson Nov. 4, when he goes to New York to make his first public address since the scope of the policy upon which the administration has embarked became known. He will speak before the Manhattan club of New York on national defense and the reasons which have impelled him to approve plans to about double the navy and quadruple the trained fighting forces ashore within a few years.

Realize Breadth of Policy.

With the estimates of the war and navy departments submitted for the coming year the breadth of the administration's policy as to preparedness is being realized. It shapes up in totals as follows:

Navy.—For new ships and increased personnel in five years, \$500,000,000.

Army.—For reserve material (arms and ammunition) within four years, \$105,000,000.

For new coast defenses and modernization of old forts within four years, \$81,000,000.

For the new continental army and the proposed increase in the regular army, \$24,000,000. (This amount probably will be a continuing and if anything increasing appropriation through the first six-year period which would make the total expenditure at that time \$156,000,000.)

The grand total expenditure thus actually planned would be \$842,000,000.

Will Produce 43 First Line Ships.

According to plans laid out by experts of the navy and war departments these expenditures would produce by 1925 a first line of dreadnaughts and battle cruisers numbering 43; a fleet of coast defense submarines that would fringe the Atlantic and Pacific coasts, with an almost solid line of defense; a fleet of nearly 175 destroyers and squadrons of huge seagoing submarines to operate with the battle squadrons at great distance from shore.

For the army there would be at the end of six years a trained force of 1,200,000 men, including a regular army of 140,000 and the proposed continental army and reserves; a ring of fully manned coast defenses, equipped with the largest and most powerful guns yet built and a vast reserve of field guns, machine guns, howitzers and big gun ammunition.

Contracts Are Awarded.

In addition the enormously increased capacity of private munition plants would give assurances of ample supplies of small arms and field gun ammunition. A definite step toward enlarging the navy was taken today when contracts were awarded for 22 of the fighting craft authorized by the last congress. They are six big cruiser destroyers, thirty knot boats, each to carry 12 torpedo tubes, four 4-inch guns.

Neither war nor navy department estimates for the coming year have been made public as yet in detail. It was learned today, however, that of the \$72,000,000 increase over last year's bill to be asked by the war department \$46,000,000 would go toward reserve material and coast defense works, the remaining \$26,000,000 to be used in building up the new armies, regular and continental. Part of this \$46,000,000 would go into building and arming the new forts which will guard the entrance to Chesapeake bay.

To Build New Forts. It is proposed to spend more of the money in building new forts to guard New York, San Francisco and other great harbors from attack. Gigantic 16-inch rifles will be mounted in all these defenses of the first class where enemy craft with modern guns would be dangerous from great distance. Another expenditure contemplated is for fitting the present 12-inch and 14-inch rifles with cartridges that will give them greater range. Much already has been accomplished in that way and the work will be carried on until every fort is modernized.

No 10-inch rifles will be installed in place of smaller guns, however, it is said, because to make all the changes in magazines, hoists, machinery and the like would be more expensive and less satisfactory than to build new emplacements for these huge weapons.

The navy department has still to award the contracts for the major portion of the building program authorized by the last congress.

To Let Contracts for Submarines. Contracts will be awarded next month for four fleet submarines, bigger, faster and more powerful than any submarine craft ever designed. The Schley, now building, will displace a thousand tons and make twenty knots on the surface. The new boats will displace twelve hundred tons and make 25 knots.

Next month contracts will carry 32,000-ton super-dreadnaughts, ships which will carry a dozen 14-inch rifles each and which will have new protection against submarine attack, the nature of which is being closely guarded.

Of the \$68,000,000 increase to be asked for the navy next year, the bulk would go into four big ships, two super-dreadnaughts, and two super-battle cruisers. They would be the first of the sixteen capital

ships to be laid down within five years, under the administration program, the last of which would not be in commission until 1925.

The building of these four ships would tax the capacity of American private yards. There are only five companies now equipped to build such vessels, four on the Atlantic and one on the Pacific.

The government itself has only one yard, the Brooklyn navy yard, where battleships can be constructed, though it is planned to equip the Philadelphia yard also and possibly the Bremerton plant for this work.

To Keep Designs Up to Date.

The present program of not more than four big ships a year, it was pointed out today, also gives opportunity to keep the designs up to date from year to year. This is one reason why it is proposed to build only two battle cruisers the first year and none the second. Naval architecture is making such rapid strides with the great navies of the world engaged in actual hostilities that American designers hesitate to recommend the construction of a large number of ships at one time. Each year sees radical alterations in battleship design.

CLAIM COLLEGE BOY SPY NOT RESPONSIBLE.

State Department is Aiding in Effort to Clear Youth Held by British Authorities.

New York, Oct. 18.—When the postponed trial of Kenneth Wood Triest, held in the Tower of London under accusation of being a spy, came up in the British court today, evidence was submitted by his father, Wolfgang G. Triest of this city, that the young man was eccentric and irresponsible. The State Department at Washington interceded in behalf of the boy's father, and secured a postponement of the trial until today, to enable the attorneys to gather proof of the queer actions of the young man held by the English military authorities.

Triest is only 19 years old. He was a freshman at Princeton when he disappeared last January, leaving no trace of his whereabouts. It appears that young Triest entered the wireless service of the British Navy. About seven weeks ago the father asked the State Department to obtain his release on the ground that he was under age and had enlisted without his parents' consent. It then developed that Triest was already under arrest. The British government asserted it had intercepted a letter in which Triest is claimed to have offered to furnish military secrets to the German government. But out of courtesy to the United States, the trial was postponed two weeks.

The affidavits filed by the boy's father will be produced at the trial, and it is said that counsel engaged by the family will represent the youth.

Young Triest built up a reputation of being eccentric during his short stay of three months at Princeton University. He formed no intimate friendships and few of his classmates knew who he was. He spent his time in his room, and on his way to and from lectures, he seemed to have avoided his mates. One of his eccentricities, according to his neighbors at Princeton, was that he never slept except in his street clothes. On leaving Princeton, he handed an old lead-pencil to a friend, saying that it had magic in examinations. Soon afterward he threw his effects out of the window and went as one knew where.

REMAINS WERE TRANSFERRED.

Monday the remains of the unknown man who was buried for George Zeppenfeld were transferred from the Zeppenfeld lot and buried in the potter's field at Jacksonville cemetery. It will be remembered that the unknown committed suicide in Rockford last summer and had upon his person articles belonging to George Zeppenfeld. The resemblance was so striking that Henry Zeppenfeld, George Zeppenfeld's father, brought the remains here for interment. It has never been learned who the dead man was as all of the identification marks had been cut from the clothing he wore.

TREAT CATARRH BY NATURE'S METHOD

Every Breath of Hyomel Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomel you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomel outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomel. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomel can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

Coover & Sorensen sold a great many Hyomel outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomel does not relieve.—Adv.

Some Topics of the Farm

A. B. McKinney, whose home is in the Lynnhill neighborhood, was in Jacksonville Monday. Mr. McKinney said that the rain Sunday night and Monday morning was heavy enough to make the roads quite muddy and also to make it impossible to disk for wheat or to drill. For this reason the rain was not welcome, as a great many farmers are already behind with the work of planting wheat, this work having been delayed because of the necessity of cutting corn before wheat planting is possible. Mr. McKinney believes though that if he can plant wheat by the 25th of November that the crop will be in the ground in plenty of time. Last year he planted much later than usual and the grain which was planted last had made the largest yield.

There is still a great deal of wheat in Morgan county to be threshed from the stack and in some instances farmers are quite willing that this work shall not be done until next spring. Others will thresh now as early as possible because they are not quite satisfied with the condition of their stacks and are afraid that because the grain was somewhat damp when it was put into the stack that conditions are not satisfactory for postponing threshing longer. Those who are purposely delaying threshing believe that prices for wheat in the spring will be considerably higher than now. Elevators have been offering \$1.10 to \$1.15 for wheat during recent days and in the markets wheat sold Saturday at \$1.29. December wheat was quoted yesterday at \$1.08 1/2, but for immediate delivery of wheat which will grade, elevators can pay upward of \$1.10.

Prices offered farmers for corn have shown an upward tendency during recent days. Earlier in the season some corn was contracted at 50c but later none of the elevators would offer that figure and some of them were unwilling to bid at all, preferring to make purchases at a time nearer delivery. Early the past week the price offered was 44c but Monday some of the elevators had raised this price to 48c. With the corn crop all over the country above the average in condition, there is every reason to believe that farmers are going to have very satisfactory returns from their 1915 crop.

Prices for cattle have not made a satisfactory showing recently from the farmers' standpoint. This is particularly true of cows and other butcher stock, as from 50 to 75c a hundred was taken off the past week. Cattlemen say that it often happens at this time of the year that so much grass-fed stock gets to the markets that the prices begin to show a downward tendency. The foot and mouth disease restrictions also have an effect on conditions, since cattle cannot be shipped to the market.

WILL APPRAISE STOCK.

By the action of E. S. Robinson, referee in bankruptcy, Stephen E. Bergschneider, J. W. Price and Edward Watkins have been selected to serve as appraisers of the stock of W. D. Roberts, which is now in charge of J. Weir Elliott as assignee. Mr. Price is being assisted by Dr. J. W. Hamilton and both have extensive acquaintance with drug values. It is expected that the work of appraisal will take several days. The court has appointed as appraisers for the Sargent stock M. R. Fitch, F. J. Degen, and John Devlin and in conjunction with C. C. Berryman as assignee, they will begin their work today.

TEXTILE WORKERS MEET.

New York, Oct. 18.—The convention of the United Textile Workers of America, which opened here today, endorsed woman suffrage. One of the most important questions to come before the convention will be the proposition of levying a universal membership tax of \$2.40 a year.

MRS. HOWE IS PLACED ON TRIAL.

New York, Oct. 18.—Mrs. Zora Emma Howe, known as the "woman of mystery," was placed on trial today on indictments charging grand larceny in having obtained money by posing as the widow of Henry M. Flagler, of Florida, former president of the Standard Oil Co.

D. A. Price of Springfield was a Monday business visitor in the city.

kets except for immediate slaughter. These restrictions naturally affect the market because feeders can not purchase the thin stuff which goes into the markets and under normal conditions the, would compete with the packers in buying this class of stuff. Hogs have shown an upward tendency and prices are getting better all the time. There are some cases of cholera in the county, but the disease is not widespread yet. There are more immune herds in the county than ever before and more farmers have had their herds vaccinated than has been true at any time in the past. Many of them have adopted the plan of having their pigs vaccinated at weaning time as at that age the expense is much lighter than afterward. The indications are that the hog prices continue to improve and that the cattle market will be better within a few weeks.

The Wallace Farmer—Recently we made reference to a bulletin issued by the Iowa agricultural experiment station, which contains the results of experiments conducted with some four or five so-called "cures" for hog cholera, none of which were found to have any value in handling the disease. Word comes from Ames that President Pearson is receiving bitter complaints from manufacturers of these so-called "cures" who think it most unreasonable that the experiment station should publish the results of careful experiments that show that their "cures" are worthless. Of course these gentlemen complain. Such bulletins interfere with their business. But President Pearson and the veterinarians at Ames will not allow themselves to be worried by complaints of this sort. They have rendered a great service to the farmers of the state by these careful experiments. While the chief work of an experiment station must be to search for new agricultural truths, the careful testing of medicines which are widely heralded as sure cures for hog cholera and other diseases, and the publication of the results, is a very proper part of their work. If these experiments had been reported last winter, one of the most energetic of these "cure" makers would have had more difficulty in fooling some of the members of the Iowa legislature.

Several Morgan county farmers had soy beans frozen before the crop matured. This was caused from the fact that late plantings were necessary. The condition has caused the inquiry as to whether these frozen bean plants can be safely fed to cattle and the general opinion is that this plan can be followed. Only in this way will the frozen crop be saved from total loss and several experienced feeders have expressed the view that no ill effects will come to cattle from the feeding.

RAILWAY ELECTRICAL ENGINEERS OPEN MEETING IN CHICAGO TODAY

CHICAGO, Oct. 18.—Electrical experts from all parts of the country began arriving in Chicago tonight for eighth annual convention of the Association of Railway Electrical Engineers which opens tomorrow.

Wireless telephone and telegraph for train dispatching instead of the old system and amalgamation of all electrical societies and organizations into one control body were two proposals which delegates declared tonight would be advocated at the convention.

FIRE DEPARTMENT HAS NEW PET.

The members of the fire department have a new pet. It is a Raccoon and the animal is given lots of attention by the firemen. Yesterday afternoon Carl Coakley had the animal out for an airing. Chief Hunt says that the Raccoon is a part of the spoils that Coakley brought in from his hunting trip last week.

FIRE FROM GAS STOVE.

The fire department was called to the apartments of Chase M. Harrison on East Court street Sunday afternoon at 2 o'clock. Mr. Harrison is proprietor of the Grand Panatorium and lives above his place of business. The blaze was caused by a gas stove. No damage was done.

COOL NIGHTS. The summer night's a total loss; we go to bed and kick and toss and groan and shriek and pray; we wallow on our beds and weep, in vain—we cannot get to sleep until the break of day.

And then the milkman comes along and whangs his large and strident gong, the errant newsboys scream, the grocer's man is at the door, and all the wheels of traffic roar, and spoil the morning dream. But in the fall how well we rest! When I've removed my shoes and vest, and to my couch I go. I find myself at once asleep, enjoying rest profound and deep, the kind that children know. For seven hours or so I snooze, refreshing weary gail and thews, from grief and care aloof; if you would wake me in the night, you'd have to bring some dynamite, and blow me through the roof. And in the morn, at half past five, I wake, so glad I'm alive, that I must sing and dance; I sing and whistle, sound and hale, as I put on my martingale, my shirtwaist and my pance. Take all your potions, dope and pills, and throw them in the babbling rill; they are no use to men; when one can sleep for seven hours, that little nap restores his powers, and makes him young again.

New-Way Wonder for Corns, "Gets-It"

The Big Surprise for Corn Owners It's Sure, Simple, Safe, Quick.

Listen to the wee story of "Gets-It," the world's greatest corn remedy. It's a short story—only about two feet—"Mary had a little 'Gets-It,' a corn upon her toe; and every time

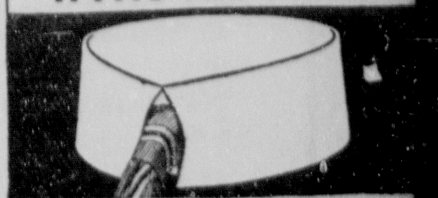

she put on "Gets-It," the corn was sure to go." Mary, like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tape, toe harnesses, blood-bringing razors and scissors. She says now there's no sense in it. Use "Gets-It," applied in 3 seconds. Easy, simple, new way—just painless corn mon sense! Millions are doing it. Never fails. You can wear smaller shoes now. You don't have to limp around any more, or walk on the side of your shoe to try to get away from your corn. You know for sure before you use "Gets-It" that the corn or callus is going away. For corns, calluses, warts, bunions.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrance & Co., Chicago.

Sold in Jacksonville and recommended as the world's best corn remedy—by Armstrong's Drug Store—A. Obermeyer.

ILLINOIS COLLEGE HAS EDGE ON DOPE

Surprise of Year Spring When Lombard Defeats Illinois Wesleyan— Illinois Beats Normal.

The first two weeks of I. L. A. A. conference football competition having come to a close the time for the early season dope on the teams is ripe. The biggest surprise of the year was the defeat of Wesleyan, touted champions, by Lombard, Saturday, 13 to 3. By this win Lombard stock goes up above par but as it appears that Illinois college stands above them as the latter defeated the former the week before, 14-7, Illinois also took a stronger grip on the first rung of the shield when they won from the strong Normal University, 27-0, on last Saturday.

Millikin earned a little attention by its 60-0 win from Shurtleff, but if their own coach is to be taken at his word, they are quite weak. By virtue of the above results the dope may be easily recognized as being in a snarled and twisted mess with Illinois holding the correct combination. Lombard is strong, but its defeat by Illinois puts it out of the present running. The same is true of Wesleyan, which won from Eureka but lost out to Lombard. Normal University has a classy squad but two defeats from Millikin and Illinois let them out.

Charleston Normal may prove the dark horse of the season as it did last year. William and Vashit has a much poorer squad than last year but at that it is one that cannot be sneezed at. The Bradley eleven has had little chance to show its real strength and although it is not being touted as the champion, is bound to give several of the teams a real battle. Shurtleff, Lincoln, Blackburn, Carthage, Eureka, Southern and Macomb Normals and Heddings are weak in comparison with the above mentioned teams. At present Lombard, Illinois, Wesleyan, Charleston and Vashit appear to hold the upper hand with Bradley, Normal and Millikin trailing.

Bradley coaches and followers are more than satisfied with the result of the Eureka game, inasmuch as it was the first game of the season, and that they were forced to play it away from home with several green men in the lineup. Lincoln is to be met on Saturday, and although a win is expected, it is known that Lincoln is fairly strong and bound to put up something other than a paper defense.—E. N. Jacquelin in the Peoria Journal.

SUFFERED YEARS OF TORTURE, CURED IN ONE MONTH

Many Cases Suffering For Years and Thought to Be Incurable, Now Being Healed.

A prominent citizen of Alliance, O., writes: "For years I suffered with eczema on my face. Our leading druggist recommended Amolex. I bought one box of ointment and two bottles of the liquid and one cake of soap. After a month's treatment, I am completely cured. It has been several months since using it and my face is perfectly smooth, with no sign of a return of the trouble."

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Bilelessness, Sour Stomach and Constipation.

Get a 10-cent box now.

Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion. Four gaseous, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv.

EAGLES WON IN FIVE INNING GAME.

Defeated Merritt Sunday with Score 2 to 0—Both Pitchers Struck Out Seven Men.

The Eagles defeated Merritt in a five inning game Sunday at Nichols park. The management told fans who telephoned about the game that the contest had been called off. Afterward the Merritt team arrived in the city with a bunch of rooters and the band. It was decided to play. The game was started at 4 o'clock and five innings were played, the score being 2 to 0. Smithson pitched for Merritt and struck out seven men. White who was on the mound for the Eagles struck out a like number. The score:

WANT TO KNOW ABOUT HUNGARIAN REPORTED KILLED

Chief of Police Davis has received a letter from the Inspector of the Detective Bureau in New York for information regarding an Hungarian named Adolph Farkas. The letter states that his father is supposed to be in this vicinity. The letter follows:

Oct. 15, 1915.

Chief of Police, Jacksonville, Ill.

Dear Sir: Will you please try and locate the parents of one Adolph Farkas, who was killed on Sept. 9, 1915, while attempting to run an elevator at the premises 124 Crosby street, this city.

A letter was found among his effects written in Hungarian, dated Jacksonville, April 13, 1915, signed your loving father, Farkas.

Description: About 35 years, 5 feet, 8 inches, 140 pounds, dark brown hair.

Kindly advise result of investigation at your earliest convenience.

Very truly yours,

Joseph A. Faurot.

Inspector commanding Detective Bureau.

FINE WATER COLOR WORK.

The birdseye view of Nichols park by John G. Hoover of Chicago, son of Mrs. M. Hoover of this city, continues to command attention from Obermeyer's window. The picture is a fine example of work in water color.

JOE CANNON DEDICATES A COURTHOUSE.

Edwardsville, Ill., Oct. 18.—"Uncle Joe" Cannon, former speaker of the national House of Representatives, will deliver an address at the dedication of the new Madison County Courthouse here today. Supreme Judge William Farmer will also deliver an address. The new courthouse cost \$250,000, and is one of the handsomest buildings in this section of the country.

NOW HE'S INSIDE LOOKING OUT.

San Francisco, Oct. 18.—Gas Gilfeather, former superintendent of the county jails, is spending a thirty-day vacation in the cells he once ruled. Instead of looking in on his charges, he is now looking out at the guards that pace before his sanctum. Gas failed to heed the court's advice to keep away from his wife, and he was sent up for threatening her life.

KANSAS MILITARY MEN GO TO SCHOOL.

Topeka, Kan., Oct. 18.—Officers of the National Guard of Kansas began their school work today, and must continue during a three-year course in military matters, including map-reading, military law, sanitation and field work. The course is a correspondence affair, conducted by officers of the United States Army.

MONUMENT FOR BOTH BLUE AND GRAY IN GEORGIA

Desire for Massive Peace Movement Has Been Accepted—Sectional Feeling at Fitzgerald Obliterated by Time.

Fitzgerald, Ga., Oct. 18.—Plans are under way for the erection here of the only monument jointly commemorating the Blue and the Gray. A design for the "Peace Memorial" has been completed and accepted, and before long it will be unveiled in the presence of the surviving leaders of the Confederate and Union armies.

The memorial will be fifty feet square at the base. Four flights of steps, symbolizing the four years of the war, will lead from the street level to a wide plaza extending completely around the monument. At each corner of this plaza will be a large bronze electrolite bearing four electric lights. Each entrance will be guarded by two large seated lions.

Each of the four faces of the memorial will have an entrance eight feet wide and ten feet in height, which will occupy all of the interior of the monument. This room will be round, with a domed ceiling 25 feet above the floor, and supported in the center by an immense polished column.

On two opposite sides of the room set into the walls, will be bronze and plate glass cases to contain war relics. On the two other sides will be niches to contain life size marble statues of Abraham Lincoln and Jefferson Davis. The ceiling will be ornamental with art tile showing the emblems of the Grand Army of the Republic, the United Confederate Veterans, the Women's Relief Corps and the United Daughters of the Confederacy.

This memorial room will be lighted by the reflected lighting method, and will be very beautiful, especially at night. Over each entrance will be a large window of leaded glass showing the emblems of the armies of the North and South.

Over the memorial room, 30 feet above the street level, on each corner, will be a huge eagle with wings outstretched over the American shield. These will be carved in granite. Between these carved eagles, on each face of the monument, and resting on the cap, will stand immense groups of bronze statuary.

On the north side will be a group showing Generals Grant and Lee clasping hands, while the spirit of peace, with arms outstretched, brings them together. On the south side will be two soldiers, one a Confederate and one a Federal, supporting the American flag. On the East side will be a female group, representing prosperity and on the west side a standing figure of a woman pointing out to a kneeling soldier the progress and opportunity awaiting him.

The monument rises in a simple dome to a plinth, on which rests four columns, three feet in diameter and 20 feet in height. Each column represents a section of the country—North, South, East, and West. Bound together by an upper cap, symbolizing the unity of the country in Peace, and capped further by a beaded and banded molding, the entire monument is completed by an 18-foot statue of Peace, holding aloft the plan of Victory and extending downward the word of olive.

Fitzgerald is one of the unique towns of the South. It was planned and built by northern war veterans, and the population intermarried and sectional feelings were obliterated many years ago. This being a spot where Jefferson Davis was captured after the flight from Richmond, Fitzgerald people subscribed heavily to the memorial. Many contributions have come from the North as well as the South, and the monument will be a national affair in every way.

PELL FROM SCAFFOLD.

William Danks an employee of the Illinois Traction system fell from a scaffold in the engine room of the Railway and Light company Sunday morning about 8:30 o'clock and sustained a fracture of the skull.

Danks was taken to Passavant hospital where he received attention from Dr. Carl E. Black and Dr. David Reid.

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make it Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scour.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few week's use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Adv.

WESLEY RASER DIES WHILE AWAY ON VISIT

Was Brother of Mrs. W. W. Bibb, Residing East of City—Veteran of Civil War.

Mrs. Will W. Bibb residing on the state road two miles east of the city, has been notified of the death of her brother, Wesley Raser, which occurred on Oct. 18th at the town of Crittenden, N. Y., where the deceased had gone for a brief visit with friends, while returning to his home from the National Encampment of the Grand Army in Washington, D. C.

Mr. Raser at the conclusion of his visit started for the depot to take a train for the Dominion of Canada where it was his intention to make a short visit and then proceed to his home in Central City, Neb. but before reaching the depot he was taken with an attack of acute indigestion, and though he was given immediate medical attention his life passed away in less than two hours.

Wesley Raser was born on a farm owned by his parents, near West Salem, Highland county, Ohio, 75 years ago. He came when a lad with his parents to Geneseo, Ill., where for a time they made their home afterwards removing to Central City, Neb.

At the outbreak of the Civil War Mr. Raser and six of his brothers enlisted in a regiment which was recruited at Vinton, Iowa. They came out of the war after four years service minus one brother who lost his life in battle. One brother lost his right arm otherwise they had no physical losses.

Since the war Mr. Raser has been engaged in farming, having become the owner of several fine farms in Nebraska as well as a number of resident properties in his home town.

His wife preceded him in death several years since, but he is survived by four children, Miles, Clay, Jennie and Ella, who reside in or near Chapman, Neb. The remains were taken to Central City, where burial was made in the family lot adjoining the grave of his wife.

MET DEATH ON RAILS.

Robert Whitmore met death on the rails near Hillview some time Sunday morning. Whitmore formerly resided in Jacksonville but had been away from here for several years. It is thought that he was riding a freight when he met his death.

The dead man was about 60 years old. His mother Mrs. John Porowski resides on Rural route No. 3, Jacksonville. A sister, Mrs. Davis of Quincy came to Jacksonville Sunday and went to Hillview.

V. C. Lockett, of Paris, Mo., is a visitor in the city for a few days.

BREAKS A COLD IN FEW HOURS—TRY IT

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed-up!

Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man
of Arlington, Ill., was a victim of
stomach and digestive troubles. He
went to a hospital for an operation
for another trouble. When he re-
covered from the operation he found
his stomach trouble worse and his
heart affected.

He took Mayr's Wonderful Remedy.
He got his appetite back and
gained in strength right away. He
wrote:

"I owe you some words of congrat-
ulation for your stomach remedy. I
could not eat anything but soft food
and the bloating from gas got so bad
that at one time I had a fainting spell
for three hours. I went to one of
your Chicago drug stores and got
your remedy. I took the remedy and
the next morning was relieved. I
am getting stronger and can eat any-
thing that comes along."

Mayr's Wonderful Remedy gives per-
manent results for stomach, liver and
intestinal ailments. Eat as much and
whatever you like. No more distress
after eating, pressure of gas in the
stomach and around the heart. Get one
bottle of your druggist now and try it
on an absolute guarantee—if not satis-
factory money will be returned.

This is the Stove Polish YOU Should Use

It's different from
others because more care
is taken in the making
and the materials used are of
higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does
not rub off or dust off, and the shine lasts
four times as long as ordinary stove
polish. Used on stoves and sold
by hardware and grocery dealers.
All you need is a little of your Black Silk
stove polish to make your stove
shiny. It's different from others because
it's made in liquid or paste—one quality.

The safe milk for your baby

Because it is just pure, fresh,
sweet cow's milk evaporated to
the consistency of cream, then
hermetically sealed and sterilized.
Carnation Milk has a
delicious, natural flavor—the
flavor of purity. Babies and
children thrive on it—should be
properly diluted.

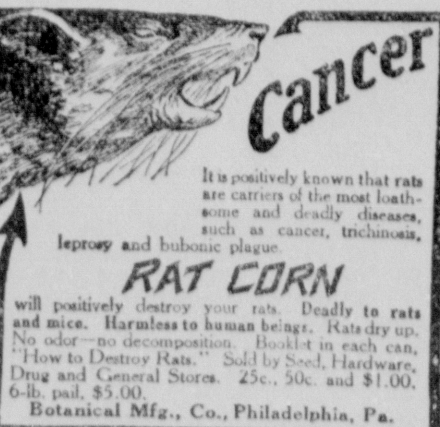

CARNATION MILK—Clean,
Sweet, Pure—From Contented
Cows—is economical—practi-
cally no waste. One small can
is all you need to keep open at
once—and that will keep sweet
several days after being opened
if kept in a cool, dry place.
Always the same high quality.
For your baby's good, order a supply
of Carnation Milk from your grocer
today. Ask the Pacific Coast Con-
densed Milk Co., Seattle, U. S. A.,

SUFFRAGE QUESTION WILL BE

VOTED ON IN NEW JERSEY TODAY

Vigor of Campaign Waged by Wo-

men Workers Rises to its Highest

Pitch Monday Night.

Newark, N. J., Oct. 18.—The vig-

or of the campaign waged by wo-

men workers for suffrage rose to its

highest pitch tonight in every sec-

tion of New Jersey. All day the

banners of suffrage associations flut-

tered from hundreds of automobiles

from Cape May to the New York

line and tonight there were few

communities in the state where the

voices of feminine orators were not

lifted for the cause.

In this city on the spot where the

first settlers hoisted their standard

nearly 250 years ago, a score or

more women workers have spoken

almost without cessation since six

o'clock this morning. Everywhere

in the big cities of the state groups

of women workers are speaking in

the streets, hundreds of them uti-

lizing the waning hours of the long

campaign for what they believe to

be a smashing drive against their

political foes.

The polls will open at 6 a. m. and

close at 9 p. m. tomorrow.

DIES AS RESULT OF BLOW.

Dysart, Ia., Oct. 18.—Henry

Brandaw, a farmer died here today

as the result of a blow over the

head with a spade last Friday. J.

L. Simpson, foreman of a bridge

construction company is in jail on

a warrant in connection with death.

The two men engaged in a quarrel

Friday over the payment of money

for two sacks of cement. Simpson

fled from the scene where the quar-

rel took place but was later appre-

hended at William Junction.

GREY ASKS INVESTIGATION.

London, Oct. 18.—Foreign Sec-

retary Grey has asked the American

government to investigate the ex-

ecution of Miss Edith Caville, a Brit-

ish nurse, head of a training school

in Brussels, who was put to death

on order of the German authorities,

charging with harboring British and

French soldiers and Belgians of mili-

tary age and assisting them to es-

cape from Belgium.

BIG SALE OF YEARLING

THOROUGHBREDS

Lafayette, Ky., Oct. 18.—Over forty

yearlings of the best pedigrees will

go under the hammer tomorrow in

the Lafayette paddock. George J.

Long has sent down his entire crop

of Bashford Manor yearlings, eleven

in all, and there is a goodly assort-

ment from other stables.

sonville is visiting at the home of Mr.

and Mrs. Grace Burrus.

Walter Hyde and wife were busi-

ness visitors in Jacksonville Tues-

day.

Mrs. John Berger of Arenzville

visited Tuesday with relatives in

this city.

Oscar Brockenbury is spending the

week visiting his sister, Mrs. Mary

Burrus.

John Galaway, Sr., left Thursday

for his home in Weldon after sev-

eral days' visit with his son, James

and family.

The high school students are pre-

paring for a masquerade social to

be given at Rays opera house Hal-

lowe's night. During the evening a

play suitable to the occasion will be

given by the students.

MR. ELMER GERMAN AND MISS BEULAH HART WED AT WINCHESTER

Ceremony Takes Place in Methodist Church in Presence of a Few Relatives—Will Reside in Bloomington.

Friends in the city will be surprised to learn of the marriage of Mr. Elmer German of Bloomington, and Miss Beulah Hart of Winchester, which took place at Winchester Sunday. The ceremony was solemnized in the Methodist church at noon by the Rev. Mr. Casely and the young people were attended by Mrs. Nell Bean and Miss Bertha Hart, cousins of the bride.

The bride is a daughter of Mr. and Mrs. Calvert Hart of Winchester and received her education in the public schools at that place. She graduated from the nurses' training school at Passavant hospital in 1912 and has since made her home in Jacksonville. Mrs. German is a young lady of many admirable qualities and during her residence here has made a wide circle of admiring friends. Mr. German is a son of Mr. and Mrs. John T. German of South Church street and was educated in the Jacksonville public schools. He learned the trade of a printer in the composing room on the Journal and for a number of years was a linotype operator on the Journal. About two years ago he went to Bloomington where he has a position as machinist-operator on the Bloomington Bulletin. He is a young man of sterling worth and is held in high esteem by all who know him. Their many friends will unite in extending congratulations.

Sunday afternoon, Mr. and Mrs. German went to St. Louis for a short wedding trip, after which they will reside in Bloomington.

BRIDE OF NEXT WEEK HONORED BY FRIENDS IN CHINA SHOW-ER

Miss Edith Colton of Woodson will wed William Schofield of Lynnville, Thursday, Oct. 27—Mr. Irlam and Miss Irlam Entertain.

Mr. and Mrs. William Colton of Woodson have issued invitation announcing the marriage of their daughter, Miss Edith Colton to Mr. William Schofield of Lynnville. The wedding will be solemnized at 7 o'clock Wednesday evening, Oct. 27, at the home of the bride and in honor of the event, thirty friends of Miss Colton were entertained Saturday afternoon at the Charles E. Irlam home, south of Woodson. The hostesses, Mrs. Irlam and Miss Sadie Irlam, served a delicious two-course luncheon at the close of a musical program and then a table was brought in with handsome gifts for the bride-to-be. The color idea at the luncheon was pink and white. Following is the program of musical numbers:

Piano solo—Miss Eva Baxter.
Violin selection—Mrs. George McKean.
Piano solo—Miss Claribel Meggison.
Reading—Miss Lulu Casteen.
Vocal solo—Mrs. Charles E. Irlam.

Both young people are favorably known by many and will receive the best wishes of countless friends in Jacksonville and Morgan county. Mr. Schofield is the son of Mr. and Mrs. Fred W. Schofield. He was reared and educated in the Lynnville community and is a young man of unquestioned character and tried ability. He is engaged in farming. Miss Colton is esteemed for many talents, chief among which is music. Her department at Illinois Woman's college and as a pianist has shown a high degree of accomplishment. She is a graduate of the Jacksonville high school, attending first the schools of Woodson.

ELECTED OFFICERS.

The Social Domestic Science club was entertained recently by Mrs. Katie Rhodes on South West street. She was assisted by Mrs. Mary Bell, Mrs. Minnie Triplett and Mrs. Lena Mitchell. The following officers were elected:

ARGUMENT HEARD IN COUNCIL AGAINST OILED PAVEMENTS

New Ordinance Regulating Sales to Junk Dealers May Lessen Petty Thievery—Will Take Liquor Case Up to High Court.

The most important action taken at the meeting of the city council Monday morning was the reading of an ordinance presented by Mayor Rodgers which makes it a misdemeanor for junk dealers to make purchases of metals etc., from minors. The mayor said in introducing the ordinance that he believed its passage would prevent a great deal of petty crime. Boys go into empty houses and cut off the lead and brass parts from pipes and then sell the metal to junk dealers for a small amount. He believed that such an ordinance in effect would remove the temptation from mischievous boys and would be helpful in that way.

Mr. Cox reported some work done on the streets, including the removal of two or three very large trees which were so old and rotted that they were in dangerous condition. Mr. Vasconcellos stated that the work of removing the mud from the reservoir had been completed and that the necessary washing would be done today. Then the work will be ready for concrete, and it is the expectation that the reservoir will be ready for storage purposes by the latter part of the week. The bottom was found in quite bad shape as the surface was cracked and the foundation proved to be nothing but brick laid flat.

A plot of Andras' addition to the city of Jacksonville was presented together with a resolution, and action was taken making it a part of the city. The mayor reported that the Chicago & Alton railroad had been unwilling to reinstate the former suit brought on account of alleged violation of the city's anti-shipment ordinance and it was desired to have another test case brought and taken to the supreme court.

On motion of Mr. Widmayer and Mr. Cox the city attorney was directed to bring such a suit with the assistance of J. H. Danskin, the understanding being that the city will have no costs for attorney's fees. The mayor mentioned that a representative of the C. & A. will be here this week to confer about the Mathers' street crossing and he suggested to Mr. Cox that the Wabash should be notified that the walk on Illinois avenue, which is on their right of way, should be made wider to correspond with the proposed new walk. Mr. Cox said that he had directed Mr. Cocking not to oil the square any more until some action had been taken by the council.

Mr. Cox said that the oiled pavements were very dangerous and that it was only a question of time until some bad accident would happen. He said that on some unpaved streets that the oil had been spread so heavily that complaints had been made. Mr. Martin also considered the oiled pavements very dangerous and then followed somewhat extended discussion of the oiling proposition. Mayor Rodgers was inclined to the view that the oiled pavements only result in making car drivers slow down to the proper speed and that if anybody was not driving faster than the law allowed, that there would be no accidents. The mayor thought, too, that the question of oiling or not oiling should be decided by the property owners or business men, although he said that the question of public safety would of course take precedence to their opinion, if it could be shown there was any real danger from the oiling. He said, too, that it must be admitted that it was getting late for oiling as the oil does not spread easily when the weather is cold.

The ordinance regulating sales to junk dealers was given the first reading. The ordinance providing for the East Lafayette avenue and Hooker street sewer was given a second reading and adopted. Mr. Martin confirming a statement by Mayor Rodgers said there are no open gambling houses or houses of prostitution in Jacksonville.

JUDGE SPENCER'S SON TO TEACH IN CHINA.

Many Jacksonville people are acquainted with Judge Selden P. Spencer of St. Louis, who has at various times visited in this city. He delivered the commencement address at Illinois college last June and made the principal address when the campaign to raise money necessary to put to Y. M. C. A. on a firm foundation was inaugurated. St. Louis papers carry announcement that Judge Spencer's son, Selden P. Spencer, Jr., and his wife are to leave early in November for Canton, China where they will become missionaries in the Presbyterian college. They were married last June, and both of them have made extensive educational preparation for the work into which they are going with the expectation of devoting their lives.

Mrs. C. A. Henry and Mrs. Lucy B. Graubner and Mrs. Lucy McAllister expected to visit Mrs. Henry Bell at Manchesret for several days.

DISCRIMINATION SUIT GOES TO CIRCUIT COURT

Case Based on Action Brought by Mrs. Mallory Will be Made a Test.

Last May Mrs. Grace Mallory and Mrs. Gladys Mallory, by their next friend, E. L. Scruggs, brought a suit against Green M. Luttrell as owner of the Majestic theatre, charging discrimination between white and colored people at the Majestic. The cases were heard in the justice court of Squire Coons, who found in favor of Mr. Luttrell and declared that no discrimination had been proven as charged in the bill of complaint. The costs were also taxed against the complainants.

Now appeal has been taken to the circuit court and Attorney John M. Butler, acting for the complainants in the original cases, filed the transcripts yesterday. It is the custom in practically all moving picture theatres to assign a certain section of a certain number of rows of seats for the uses of colored patrons and they are directed to these seats. This case which is now to be heard in the circuit court will therefore attract more than usual interest as it will be regarded as a test of the rights of the theatre managers to make such selection of seats for their patrons.

WINNING FAME AS WINDOW DECORATOR

Charles McHatton Has Won Several Prizes for Schmalz & Sons Store Displays—Received Check for \$50 Yesterday.

Charles A. McHatton of the Schmalz & Sons store is gaining fame as a window dresser. Monday morning Mr. McHatton received a letter from the manager of McClure's magazine and The Ladies' World enclosing a check for fifty dollars. The check was for sixth prize in a nation wide window trimming contest under the auspices of the Ladies' World.

Mr. McHatton has been in the employ of Schmalz & Sons for a number of years and has always taken a great deal of interest and pride in window dressing. This is not Mr. McHatton's first success in the work. Some time ago he received a prize of \$10 for a display of Diamond Crystal salt. He also trimmed a window in a baking powder display contest and has yet to hear from this as to whether or not he won a prize.

In the awarding of the prize in the recent newspaper contest for the best dressed window the first prize in one class was awarded to Schmalz & Sons. This window contained a display of Carnation Milk and the arrangement also was Mr. McHatton's handiwork. He is to be congratulated on his success and his many friends feel that he will win greater fame and more prizes in the art of window trimming.

RALLY DAY AT GRACE SUNDAY SCHOOL.

Rally day at Grace M. E. church brought out 500 people at the Sunday school, the class attendance being 412, the collection \$13.66. It was a time of much enthusiasm and the year's work starts off with good prospects. The committee in charge yesterday consisted of C. E. Williamson, T. V. Hopper, Charles E. Collins, Mrs. H. L. Griswold and Mrs. J. I. Graham.

At three service Miss Minnie Hoffman gave a violin solo, Miss Wilma Williams sang "He Is So Precious to Me"; Earl Pond sang "Babylon," and Mrs. Barbree gave a reading "The Last Hymn." The students of the various schools of the city who attended services at Grace church Sunday were entertained at the various homes of the members and the innovation was greatly enjoyed by the pupils.

BEARDSTOWN IS TO HAVE MUNICIPAL DANCE CENSOR

Beardstown, Ill., Oct. 18.—Declaring the "doings" which have been permitted at dance halls in this town recently to be an outrage upon the community, Mayor Harris, at tomorrow night's session of the city council will introduce an ordinance providing for the appointment of a municipal dance censor.

According to the mayor the worst offenses against the public peace and well being have been committed at Whitman hall, where dances have been held regularly three times a week. At these affairs it is said the young folks have been permitted to follow the dictates of their own consciences entirely and as a result the police have been called upon to quell disturbances so frequently of late that the mayor demands that the council takes cognizance of conditions by enacting prohibitory measures.

"I am advised that it is quite the custom for young men attending these dances to take advantage of intermissions to frequent neighboring saloons. Then, decidedly under the influence of liquor have returned to the dance halls to blow their breaths in the faces of the young women, and many of them are mere girls, whom they have invited to attend these functions."

BOOTLEGGER TAKEN IN.

Clyde Lucht was arrested Monday morning on information sworn out by Chief of Police Davis charging him with bootlegging. Lucht has always been known as a hard working man but evidently he thought that bootlegging was an easy way to get money. He has been making frequent trips to Beardstown. He always had a large suitcase with him and the police say he always had it well filled. He did not come to the station but unloaded from the train where the Burlington makes its junction with the C. P. & St. L. Sunday an individual was picked up much the worse for wear and it was through him that the police got the information that led to Lucht's arrest. He was placed in jail and will have to remain there until he scores bond in the sum of \$500, which is not easily obtained when the culprit has been arrested for violating the local option law.

MR. ZELL'S LOT PURCHASE STARTS MANY RUMORS

Story is That He May Have Bought Property to Sell Light Company For Car Barn Site—Old Burlington Story is Revived.

The fact that John H. Zell purchased the first lot offered at the sale in the new Andras addition, and then took all the remaining lots fronting on South Main street at the same figure, resulted in a story that Mr. Zell was making the purchase for the Jacksonville Railway and Light company. This story was circulated immediately after the sale following Mr. Zell's purchase. And a few hours later was the theme of various stories as to the intended uses for the property.

No statement either from Mr. Zell or from W. B. Miser gave any special light on the subject. Mr. Zell had told a number of people prior to the sale that he expected to bid and as a matter of fact he had been looking for real estate investment for some time. One story as circulated was to the effect that the light company wanted the property for the establishment of a water storage plant, which would enable them to reduce a large monthly payment now being made to the city for water supply. Just in what way such a plant would be constructed on ground higher than all that surrounding was not stated.

May Be Car Barn Site.

The more generally accepted theory was that the light company would use the property as a site for new car barns and would dispose of their building on East State street to the C. B. & Q. railroad. When the present car house was erected it was the property of Miss Hook who was then purchasing power from the Railway and Light company and the different ownership made no special difference about the nearness of one property to the other.

Since the C. B. & Q. made a seemingly arrangement with the C. P. & St. L. for the use of its trackage through Jacksonville nothing has been heard of the often repeated story about the Burlington's intentions to secure property along Illinois avenue which would make it possible to connect up its trackage between East State street and Independence avenue. But the rumor that the light company may have acquired site for new car storage terminals had served to revive the older rumor about the Burlington trackage.

Three or four years ago when the Burlington purchased the Keating and Walsh properties on Illinois avenue it is known that an offer was made by the railroad to the Illinois Traction system of \$10,000 for a strip of land north of the car barn with a frontage of 100 feet on Illinois avenue. With this as a basis of value the whole of the traction property there would run to quite a handsome figure. At that time the Burlington wished to purchase the property in order to use it in connection with property adjoining on the north as a site for the C. P. & St. L. freight house and the necessary house tracks. It was then the plan to abandon the present C. P. & St. L. freight house and thus permit the use of the land it occupies for trackage purposes.

Will Take Up Illinois Avenue Tracks. The Illinois Traction system declined the offer of \$10,000 mentioned above largely for the reason that the property formed a part of the basis for which bonds had been issued. Some other obstacles were encountered by the railroad and the track plans made at that time were abandoned.

One fact that gives some color to the rumor that the traction company may now sell the E. State street terminal to the railroad is that the traction company announced some time since their intention of abandoning their right of way on Illinois avenue and taking up their tracks there. This statement was reiterated pavement on E. State street was discussed. Asked about all these stories Mr. Miser last night would only smile and reply that he had no statement to make. As already stated Mr. Zell who is abundantly able to buy and own the property gave no intimation that the purchases were not made with the expectation of retaining ownership to the property for some time to come.

The Age of Youth

This is the Age of Youth. Men of all ages are living in closer relationship. You hear very little of old fashioned ideas. Fathers are thinking as their sons: they are playing the same games—they are DRESSING more alike.

That is why Society Brand Clothes are so popular now. They show a dignified conservative touch of YOUTHFULNESS. They make men look as young as they OUGHT to look today. They make men of 40 look 35 instead of 45, as was usual. Fads and extremes are abhorred. Yet Society Brand Models lead in exclusiveness. They are widely copied—but no other makers seem able to get their incomparable effects.

These clothes are too slowly and too carefully made—the output is too limited to sell to every store in a city. So there is never more than one merchant in a town who can offer these designs. But that merchant is carefully selected.

The Broadway, here pictured, is an overcoat that young men like for its trim smartness. Double breasted, close fitting—\$20 and \$25.
